#2961

Pair of Regency Mahogany Armchairs

This classic pair of English Regency armchairs from the mid to late 19th century are made from warm mahogany. An X-back splat with centre medallion and down scrolled arms sit above the original red leather seats with nailhead trim. The sabre legs culminate in square flat feet. These chairs are handsome enough for a library or office, set on either side of an occasional table or in front of a desk.
